fib journal Structural Concrete

Vol. 24, No. 2, April 2023

Dear colleagues,

We are happy to announce that the April 2023 issue of *Structural Concrete* is out!

Structural Concrete is available to *fib* members on the [fib website](#). **Please make sure you are logged in to the [fib-Network](#) to access the journal.**

This issue includes an editorial by *fib* President Steve Foster. The themes are sustainability, materials, fibre-reinforced concrete, structural behaviour, and shear.

The issues are also available on the official app. Download via [GooglePlay](#) or [AppleStore](#) now to access current and past issues. **Please make sure you are logged in to the [fib-Network](#) to access the journal.**

We would like to remind you that you can [submit](#) a paper or a short project note. Short Project Notes are intended to provide a description of a relevant project that has been built or is in the process of execution. The original or novel aspects of design or execution should be clearly indicated.

With kind regards,

The *fib* Secretariat
